Intellectual Property Rights

IPRs essential or potentially essential to the present document may have been declared to ETSI. The information pertaining to these essential IPRs, if any, is publicly available for **ETSI members and non-members**, and can be found in ETSI SR 000 314: "Intellectual Property Rights (IPRs); Essential, or potentially Essential, IPRs notified to ETSI in respect of ETSI standards", which is available from the ETSI Secretariat. Latest updates are available on the ETSI Web server (http://webapp.etsi.org/IPR/home.asp).

4

Pursuant to the ETSI IPR Policy, no investigation, including IPR searches, has been carried out by ETSI. No guarantee can be given as to the existence of other IPRs not referenced in ETSI SR 000 314 (or the updates on the ETSI Web server) which are, or may be, or may become, essential to the present document.

Foreword

This Technical Specification (TS) has been produced by ETSI Technical Committee Access and Terminals (AT).

The present document is part 1 of a multi-part deliverable covering the Network Address Book on fixed network, as identified below:

Part 1:	"Overview";	
Part 2:	"Service description";	
Part 3:	"vCard 2.1 profile for contact exchange by SMS/EMS for fixed network";	
Part 4:	"Data synchronization".	
NOTE:	The parts above refer to the active work items and published standards within ETSI.	

Introduction

The Network Address Book service described in the present multi-part document allows a user to handle information relating to his usual correspondents such as names, first names, mailing addresses, telephone numbers, e-mails, pictures and multimedia data.

1 Scope

The present document gives an overview of the set of documents being relevant for the support of the Network Address Book on fixed networks (PSTN/ISDN).

2 References

The following documents contain provisions which, through reference in this text, constitute provisions of the present document.

- References are either specific (identified by date of publication and/or edition number or version number) or non-specific.
- For a specific reference, subsequent revisions do not apply.
- For a non-specific reference, the latest version applies.

Referenced documents which are not found to be publicly available in the expected location might be found at http://docbox.etsi.org/Reference.
