

*The contributions mentioned below are calculated according to the 2018 budget approved by the 70th General Assembly.
The detailed provisions for the selection of the class of contribution may be found in Annex 2 of the Rules of Procedure.*

FULL MEMBERS AND ASSOCIATE MEMBERS

The cost of the **first unit** of contribution amounts to: **6 000 €**

(ex. for universities, public research bodies, not-for-profit user associations and Micro-Enterprises)

The cost of the **subsequent units** amounts to: **3 380 €**

Members' and **associate members'** fees are calculated by class. The class is derived from the member company's annual ECRT band (Electronics Communications Related Turnover). Each class corresponds to a number of units of contribution. This number determines the contribution or fee payable. It also determines the voting weight of a member in ETSI.

CLASS	ECRT (million of euros)	NUMBER OF UNITS	CONTRIBUTIONS * (euros)
1	SMEs, user & trade associations, additional membership	1	6 000
	Universities, public research bodies and not-for-profit user associations		2 000

9	3501 to 5000	30	104 020
1	5001 to 8000	37	127 680
1	Above 8000	45	154 720

* Excl. VAT

GOVERNMENTAL ORGANIZATIONS

The class of contribution of Government organizations is determined by the gross domestic product of their country.

3GPP PARTICIPATION

Any ETSI member that **participates in 3GPP™** must pay a minimum of 3 units of contribution except SMEs, Micro-Enterprises, users, universities, and public research bodies; these need to pay a minimum of 2 units.

However, these minimum contribution levels need not apply where an organization with more than one membership of ETSI makes an overall contribution that exceeds 20k€ multiplied by the number of 3GPP memberships held by the administrations or companies.

OBSERVERS

For observers there is a flat rate of €4,000 per year.

Members and Observers joining ETSI during the year may benefit a prorated reduction on the above contributions.
