

Sponsor the 5th GRIDS@WORK!

20-24 October 2008
INRIA – Sophia Antipolis - FRANCE

You will:

- Address a unique community of 200 Grid Researchers, Industrials and Users meeting for one week at INRIA in the South of France.
- Learn from top-level experts in Grids applied to Finance and Telecommunications.
- Get insight into the latest Grid developments of European Research, incl. FP7 projects.
- Learn about Grid interoperability and standardisation from the ETSI Plugtests and through presentations by European partners.
- Attend the Concertation meeting "From Components to Services to Utilities" and meet with decision-makers of the EC Information Society and Media Directorate-General.
- Get and stay referenced on a highly visited Web Site.

For between 2.000 € and 10.000 €, there is most certainly a sponsoring opportunity to help your company achieve high visibility in this unique Grid event (communication material, venue, conference handouts, press release...)!

Sponsoring Programme available at
