IV GRID Plugtests™, Joint European Union/China GRID Days

COORGANIZERS:

ETSI - The European & Telecommunications Standards Institute
 INRIA - The Institute for Research in Computer Sciences and Control
 ERCIM - European Research Consortium for Informatics and Mathematics
 CNIC - Computer Network Information Center, CAS

Further to the success of GRIDS@WORK 2006 (200 international participants), ETSI, INRIA, CNIC and EchoGRID, a joint European-Chinese research project managed by ERCIM, organize this year an enhanced event in Beijing including:

- a series of strategic workshops and tutorials;
- a 4th Grid Plugtests with the well-known N-Queens Contest.

Participants will access a Grid infrastructure using the ProActive middleware.

EUROPEAN PARTNERS :

THE GRID COMPUTING OPPORTUNITY

Grid computing offers a model for solving massive computational problems using large numbers of computers arranged as clusters embedded in a distributed telecommunications infrastructure.

GOALS OF THE EVENT

- Bring together Grid Researchers, Grid Industrials and Grid Users;
- Learn about the future features needed for the Grid infrastructure, through the Grid users experience;
- Learn how to best program Grid aware applications;
- Get useful feedback on the deployment and interoperability of Grid applications on various Grid clusters;
- Boost the Industry take-up of innovative Grid technologies;
- Learn more on Grid for Industrial applications and Interoperability.

WHO SHOULD ATTEND THE EVENT

- Researchers and engineers willing to hear about programming techniques for the Grids
- Researchers and engineers willing to win the N-Queens world record during the Plugtests event
- Software and Hardware vendors, service providers and end-users of various industrial sectors

Why sponsor GRIDS@WORK 2007?

- **BOOST YOUR IMAGE:** show that your company is dynamic, pro-active and innovative
- **PROMOTE YOUR BRAND** by associating it with the key organizations active in GRID
- **CREATE NEW BUSINESS OPPORTUNITIES** for your company
- Finally, **GET INSIGHT INTO THE GRID EVOLUTION**

Our Sponsoring Programme

PRICE & CONDITIONS	Visibility on communication material	Visibility on venue	Visibility in the conference handouts
Sponsor the SOCIAL EVENT : 10 000 €	- Display of Sponsor logo + company url on conference website - 150 word Sponsor profile on website - Logo on the conference flyers and posters	- 1 Sponsor stand in the Hall during the event - 1 Sponsor poster in the Hall (1m X1.80 m maximum) to be provided by Sponsor	- Sponsor logo displayed in conference handouts and a 150 Word Sponsor profile - A4 brochure on the Sponsor company in the conference handout
DIAMOND 5 000 € 2500€ for Academics	- Display of Sponsor logo + company url on conference website - 150 word Sponsor profile on website - Logo on the conference flyers and posters	- 1 Sponsor stand in the Hall during the event - 1 Sponsor poster in the Hall (1m X 1.40 m maximum) to be provided by Sponsor	- Sponsor logo displayed in conference handouts and a 150 Word Sponsor profile - A4 brochure on the Sponsor company in the conference handouts
GOLD 3 000 € 1 500€ for Academics	- Display of Sponsor logo + company url on conference website - Logo on the conference flyers and posters	- 1 Sponsor poster in the Hall (0.50m X 0.70 m maximum) to be provided by Sponsor	- Sponsor logo displayed in the conference handouts
