Foreword

This European Standard (Telecommunications series) has been produced by the European Computer Manufacturers Association (ECMA) on behalf of its members and those of the European Telecommunications Standards Institute (ETSI) and is now submitted for the ETSI standards One-step Approval Procedure.

The present document defines addressing in Private Integrated Services Networks (PISN).

The present document endorses International Standard ISO/IEC 11571, 2nd edition.

Endorsement notice

The elements of ISO/IEC 11571 (1997) apply, with the following modifications:

Clause 3

Replace the first paragraph by:

The following documents contain provisions which, through reference in this text, constitute provisions of the present document.

- References are either specific (identified by date of publication, edition number, version number, etc.) or non-specific.
- For a specific reference, subsequent revisions do not apply.
- For a non-specific reference, the latest version applies.
- A non-specific reference to an ETS shall also be taken to refer to later versions published as an EN with the same number.
