Dear Mr. Romero

IEEE-SA agrees to provide copy of the following IEEE standard to ETSI to review for reference into ETSI ES 200 381.

If ETSI decides to incorporate verbatim, portions of any of the IEEE C63.19-2011 into the draft version of ETSI ES 200 381, ETSI shall submit the draft, with the excerpted content from the IEEE standards highlighted, to [stds-ipr@ieee.org](mailto:stds-ipr@ieee.org). IEEE-SA will review the content provided at that time and, if acceptable, provide temporary permission for the use of the content.

Prior publication of the final document, ETSI shall submit these excerpts to [stds-ipr@ieee.org](mailto:stds-ipr@ieee.org). IEEE-SA will review the content excerpted against that of the content excerpted as provided in the previous draft. If none of the excerpted content has changed, final permission will be granted by IEEE-SA.

This permission is restricted for use in ETSI ES 200 381 only, and will not extend to drafts or subsequent amendments or revisions of IEEE C63.19-2011.

The following notice shall appear in the front material of the work containing the copied material:
