Foreword

This draft amendment to ETS 300 065 (1992) has been produced by the Electromagnetic compatibility and Radio spectrum Matters (ERM) Technical Committee of the European Telecommunications Standards Institute (ETSI), and is now submitted for the Public Enquiry phase of the ETSI standards approval procedure.

ETS 300 065, as amended by this draft amendment, together with EN 301 011 is intended to become a Harmonized Standard, the reference of which will be published in the Official Journal of the European Communities referencing the Council Directive on the approximation of the laws of the Member States relating to electromagnetic compatibility ("the EMC Directive") (89/336/EEC as amended).

Proposed transposition dates	
Date of latest announcement of this amendment (doa):	3 months after ETSI publication
Date of latest publication or endorsement of this amendment (dop/e):	6 months after doa
Date of withdrawal of any conflicting National Standard (dow):	6 months after doa

Amendments

Page 5, Foreword

Replace the first paragraph with the following:

This European Telecommunications Standard (ETS) has been prepared by the Electromagnetic compatibility and Radio spectrum Matters (ERM) Technical Committee of the European Telecommunications Standards Institute (ETSI).

This ETS has been produced by ETSI in response to a mandate from the European Commission issued under Council Directive 83/189/EEC (as amended) laying down a procedure for the provision of information in the field of technical standards and regulations.

This ETS, together with EN 301 011 is intended to become a Harmonized Standard, the reference of which will be published in the Official Journal of the European Communities referencing the Council Directive on the approximation of the laws of the Member States relating to electromagnetic compatibility ("the EMC Directive") (89/336/EEC as amended).

Insert the following after the last paragraph:

The technical specifications relevant to the EMC Directive are listed in annex A.

Page 15, subclause 7.2 Conducted spurious emissions into the mains

Delete subclauses 7.2, 7.2.1, 7.2.2 and 7.2.3

Page 17

Insert before History:

Annex A (normative): Clauses and/or subclauses of this ETS relevant for compliance with the essential requirements of EC Council Directives

Table A.1: Clauses and/or subclauses of this ETS relevant for compliance with essential requirements of the EC Council Directives

Clause/subclause number and title		Corresponding article of Council Directive 89/336/EEC	Qualifying remarks
5.2	Interference rejection and blocking immunity	4(b)	
5.5	Spurious emissions	4(a)	
5.2.6	Spurious response rejection	4(b)	
5.2.8	Blocking or desensitization	4(b)
