### Page 5, Foreword

*Replace the first paragraph with the following:*

This European Telecommunication Standard (ETS) has been prepared by the Electromagnetic compatibility and Radio spectrum Matters (ERM) Technical Committee of the European Telecommunications Standards Institute (ETSI).

This ETS has been produced by ETSI in response to a mandate from the European Commission issued under Council Directive 83/189/EEC (as amended) laying down a procedure for the provision of information in the field of technical standards and regulations.

This ETS, together with EN 301 011 is intended to become a Harmonized Standard, the reference of which will be published in the Official Journal of the European Communities referencing the Council Directive on the approximation of the laws of the Member States relating to electromagnetic compatibility ("the EMC Directive") (89/336/EEC as amended).

*Insert the following after the last paragraph:*

The technical specifications relevant to the EMC Directive are listed in annex A.

### Page 15, subclause 7.2 Conducted spurious emissions into the mains
