Intellectual Property Rights

IPRs essential or potentially essential to the present document may have been declared to ETSI. The information pertaining to these essential IPRs, if any, is publicly available for **ETSI members and non-members**, and can be found in SR 000 314: "*Intellectual Property Rights (IPRs); Essential, or potentially Essential, IPRs notified to ETSI in respect of ETSI standards*", which is available from the ETSI Secretariat. Latest updates are available on the ETSI Web server (<http://www.etsi.org/ipr>).

Pursuant to the ETSI IPR Policy, no investigation, including IPR searches, has been carried out by ETSI. No guarantee can be given as to the existence of other IPRs not referenced in SR 000 314 (or the updates on the ETSI Web server) which are, or may be, or may become, essential to the present document.

Foreword

This Technical Report (TR) has been produced by Advisory Committee Security Algorithms Group of Experts (SAGE).

The present document is part 3 of a multi-part TR covering the rules for the management of the TETRA standard encryption algorithms, as identified below:

Part 1: "TEA1";

Part 2: "TEA2";

Part 3: "TEA3";

Part 4: "TEA4".

1 Scope

The purpose of the present document is to specify the rules for the management of the TETRA standard encryption algorithm TEA3. This algorithm is intended for air interface encryption in TETRA products.

The specification for TEA3 consists of the following three parts:

- Part 1: Algorithm specification;
- Part 2: Design conformance test data;
- Part 3: Algorithm input/output test data.

The procedures described in the present document apply to Parts 1 and 2 of the specifications. The Parts 1 and 2 are confidential for each of the algorithms.

Part 3 of each of the specifications is not confidential and can be obtained directly from the TEA3 Custodian (see subclause 5.3). There are no restrictions on the distribution of this part of the specifications.

The management structure is defined in clause 4. This structure is defined in terms of the principals involved in the management of the TEA3 (ETSI, ETSI PROJECT TETRA, TEA3 Custodian and approved recipients) together with the relationships and interactions between them.

The procedures for delivering the TEA3 to approved recipients are defined in clause 5. This clause is supplemented by annex A which specifies the items which are to be delivered.

Clause 6 is concerned with the criteria for approving an organization for receipt of the TEA3 and with the responsibilities of an approved recipient. This clause is supplemented by annex B which contains a Confidentiality and Restricted Usage Undertaking to be signed by each approved recipient.

Clause 7 is concerned with the appointment and responsibilities of the TEA3 Custodian. Furthermore in this clause the temporary role of the Interim Custodian is described.

2 References

The following documents contain provisions which, through reference in this text, constitute provisions of the present document.

- References are either specific (identified by date of publication, edition number, version number, etc.) or non-specific.
- For a specific reference, subsequent revisions do not apply.
- For a non-specific reference, the latest version applies.
- A non-specific reference to an ETS shall also be taken to refer to later versions published as an EN with the same number.

- [1] ETS 300 392-7: "Terrestrial Trunked Radio (TETRA); Voice plus Data (V+D); Part 7: Security".
- [2] ETS 300 393-7: "Terrestrial Trunked Radio (TETRA); Packet Data Optimized (PDO); Part 7: Security".
- [3] ETS 300 396-6: "Terrestrial Trunked Radio (TETRA); Direct Mode Operation (DMO); Part 6: Security".

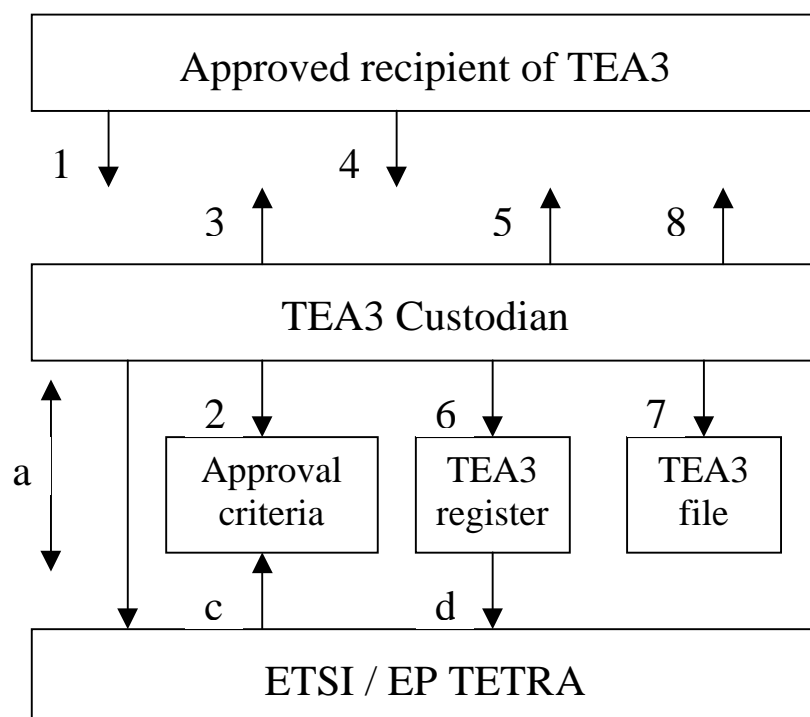

3 Abbreviations

For the purposes of the present document, the following abbreviations apply:

DMO	Direct Mode Operation
PDO	Packet Data Optimized
TETRA	Terrestrial Trunked Radio

4 TEA3 management structure

The management structure is depicted in figure 1.

Key:

a =	Agreement between TEA3 Custodian and ETSI
b =	Status reports and recommendations
c =	Setting of approval criteria
d =	Restricted details of the TEA3 register
1 =	Request for TEA3
2 =	Check of request against approval criteria
3 and 4 =	Exchange of Confidentiality and Restricted Usage Undertaking
5 =	Dispatch of TEA3 specification
6 =	Update the TEA3 register
7 =	Document filing
8 =	Technical advice

Figure 1: TEA3 management structure

The figure shows the three principals involved in the management of the TEA3 and the relationships and interactions between them.

ETSI is the owner of the TEA3. The ETSI Secretariat together with ETSI Project TETRA sets the approval criteria for receipt of the algorithm (see clause 6).

The TEA3 Custodian is the interface between ETSI and the approved recipients of the TEA3.

The Custodian shall be the ETSI Secretariat unless it is decided by ETSI Secretariat and/or ETSI Project TETRA to (temporary) delegate this task to a third party on the basis of an agreement between the latter and the ETSI Secretariat. The TEA3 Custodian's duties are detailed in clause 7. They include distributing the TEA3 to approved recipients, as detailed in clause 5, providing limited technical advice to approved recipients and providing algorithm status reports to ETSI Project TETRA.

5 Distribution Procedures

5.1 Distribution by TEA3 Custodian

The following procedures for distributing the TEA3 to approved recipients are defined with reference to figure 1.

- 1) The TEA3 Custodian receives a written request for N copies of the TEA3 specification (see note 1).
- 2) The TEA3 Custodian indicates whether the requesting organization meets the approval criteria (see clause 6). In case of non-compliance of the organization with the approval criteria, the Custodian shall justify its decision.
- 3) If the request is approved, the TEA3 Custodian dispatches 2 copies of the corresponding Confidentiality and Restricted Usage Undertaking (as given in annex B) for signature by the approved recipient (see notes 2 and 6) together with a copy of this document (Rules for the management of the TETRA standard encryption algorithm TEA3).
- 4) Both copies of the Confidentiality and Restricted Usage Undertaking shall be signed by the approved recipient (see notes 5 and 7) and returned to the TEA3 Custodian, together with the payment of charges if any.
- 5) The TEA3 Custodian sends up to N (see note 3) numbered copies of the TEA3 specification to the approved recipient, together with one countersigned copy of the returned Confidentiality and Restricted Usage Undertaking and a covering letter (see notes 4 and 6).
- 6) The TEA3 Custodian updates the TEA3 Register by recording the name and address of the recipient, the numbers of the copies of the TEA3 specification delivered and the date of delivery. If the original request is not approved, the TEA3 Custodian records the name and address of the requesting organization and the reason for rejecting the request in the TEA3 Register (see also note 8).
- 7) The TEA3 Custodian countersigns and files the second returned copy of the Confidentiality and Restricted Usage Undertaking in the TEA3 File together with a copy of the covering letter sent to the approved recipient.
- 8) The TEA3 Custodian may provide very limited technical advice with respect to answering questions concerning the TEA3 specification.

NOTE 1: Requests for the TEA3 specification may be made directly to the TEA3 Custodian or through ETSI, where appropriate.

NOTE 2: The confidentiality and Restricted Usage Undertaking specifies the number of copies requested.

NOTE 3: The covering letter specifies the numbers of the copies delivered.

NOTE 4: The TEA3 Custodian sends all items listed in annex A. Requests for part of the package of items are rejected.

NOTE 5: An organization may request the specification on behalf of a second organization to which it is subcontracting work which requires the specification. In this case, the first organization is responsible for returning a Confidentiality and Restricted Usage Undertaking signed by the second organization. Refer to the Transfer details given in subclause 5.2.

NOTE 6: Under normal circumstances the Custodian is expected to respond within 25 working days, excluding the delay of the procedures with the Customs Services.

NOTE 7: The approved recipient is represented by its authorized officers.

NOTE 8: If a TEA3 specification is returned to the TEA3 Custodian (for example the recipient may decide not to make use of the information), then the TEA3 Custodian destroys the specification and enters a note to this effect in the TEA3 Register.

5.2 Transfers by a licensee

An organization which has already been approved and has obtained TEA3 specifications may transfer one or more of these specifications, subject to national legislation, to a second organization which requires the specification.

In this case, the first organization has to ensure that the second organization meets the approval criteria. The first organization has to get the second organization to sign two copies of the Confidentiality and Restricted Usage Undertaking. The first organization then sends these to the TEA3 Custodian, together with the numbers of the specifications which are to be transferred.

The TEA3 Custodian then enters the transfer details in the TEA3 Register, countersigns the Confidentiality and Restricted Usage Undertakings, returns one of these together with a covering letter to the first organization, and files the other and a copy of the letter in the TEA3 File.

The first organization is responsible for passing (a copy of) the countersigned Confidentiality and Restricted Usage Undertaking to the second organization.

5.3 Distribution of TEA3 specification Part 3 by the TEA3 Custodian

The following procedures for distributing the TEA3 specification Part 3 are defined.

- 1) The TEA3 Custodian receives a written request for one single copy of the TEA3 specification Part 3.
- 2) The TEA3 Custodian sends one copy of the requested Part 3 of the TEA3 specification Part 3 to the applicant.

6 Approval criteria and restrictions

The approval criteria are set by the ETSI Secretariat together with ETSI Project TETRA and maintained by the TEA3 Custodian. The TEA3 Custodian may recommend changes to these criteria.

In order for an organization to be considered an approved recipient of one of the TEA3 it has to satisfy at least one of the following criteria:

- | | |
|----|---|
| C1 | The organization is designer of or competent to manufacture TETRA portable or TETRA fixed systems, where the algorithm requested is included in the systems. |
| C2 | The organization is designer of or competent to manufacture components for TETRA portable or TETRA fixed systems, where at least one of the components includes the algorithm requested. |
| C3 | The organization is designer of or competent to manufacture a TETRA system simulator for approval testing of TETRA portable or fixed systems, where the simulator includes the algorithm requested. |
| C4 | The organization intends to use the algorithm requested in order to become an operator of a TETRA system. |

The TEA3 Custodian will decide whether an organization requesting the TEA3 specification may be considered to be an approved recipient. Any doubtful cases will be referred back to ETSI Secretariat or ETSI Project TETRA.

7 The TEA3 Custodian

7.1 Responsibilities

The TEA3 Custodian is expected to perform the following tasks:

- | | |
|-------|--|
| T1 | To approve requests for the TEA3 by reference to the Approval Criteria given in clause 6. |
| T2bis | To obtain the Administrative authorization and export licences required by the Customs Services of its country if any. |
| T2 | To exchange the Confidentiality and Restricted Usage Undertaking with approved recipients as described in clause 5. |
| T3 | To distribute the TEA3 specifications as detailed in clause 5 (see note 1). |
| T4 | To maintain the TEA3 Register as described in clause 5. |
| T5 | To hold in custody the contents of the TEA3 File as specified in clause 5. |
| T6 | To provide recipients of the TEA3 with limited technical support, i.e. answer written queries arising from the specification or test data (see note 2). |
| T7 | To advise ETSI/ETSI Project TETRA of any problems arising with the approval criteria. |
| T8 | In the light of written queries from recipients of the TEA3 specifications, to make recommendations to ETSI/ETSI Project TETRA for improvements/corrections to the specification and, subject to ETSI/ETSI Project TETRA approval, make and distribute the changes (see note 3). |
| T9 | To provide ETSI/ETSI Project TETRA with information from the TEA3 Register when requested to do so. |
| T10 | To monitor published advances in crypto-analysis and advise the ETSI Project TETRA of any advances which have a significant impact upon the continued suitability of the TEA3 for the TETRA application. |

NOTE 1: Registered postage will be used. If recipients require a different delivery service then they can be excepted to pay the full costs.

NOTE 2: The TEA3 Custodian will only endeavour to answer questions relating to the TEA3 specifications. He is not expected to provide technical support for development programmes.

NOTE 3: Numbered copies of any changes to the TEA3 specifications will be automatically distributed to all recipients of the specification and a record of the distribution entered in the TEA3 Register.

7.2 Appointment

The TEA3 Custodian is:

ETSI Secretariat

The contact person is:

Mr Pierre De Courcel

Fax +33 4 93 65 47 16

ETSI

Email: Pierre.deCourcel@etsi.fr

F-06921 Sophia Antipolis Cedex

France

Until the Custodian has arranged all administrative procedures required, an Interim Custodian will be appointed. This Interim Custodian is:

KPN Research, the Netherlands

The contact person is:

Mr Gert Roelofsen Fax +31 70 3326477

KPN Research

PO Box 421

NL-2260 AK Leidschendam

the Netherlands

Both the TEA3 Custodian as well as the Interim Custodian will ask a fee from the recipient to cover the cost of distribution of Parts 1 and 2 of the specifications. This fee is set to EURO 1000 per application per algorithm requested (i.e. TEA3).

Both the TEA3 Custodian as the Interim Custodian may ask an optional fee from the recipient to cover the cost of distribution of Part 3 of the specifications.

All requests for either the TEA3 specification Part 1 and Part 2 or the TEA3 specification Part 3 should be addressed to the indicated contact person or to ETSI.

Annex A (informative): Items delivered to approved recipient of TEA3

ITEM-1: Up to N numbered paper copies to the TEA3 specification where N is the number of copies requested.

ITEM-2: A countersigned Confidentiality and Restricted Usage Undertaking.

ITEM-3: A cover letter from and signed by the TEA3 Custodian listing the delivered items (ITEM-1 and ITEM-2 above) and the numbers of the specifications delivered (see note).

NOTE: In the case of a transfer (see subclause 5.2), only ITEM-2 and the cover letter are delivered. Moreover, the cover letter details the numbers of the transferred specifications.

Annex B (informative): Confidentiality and Restricted Usage Undertaking for TEA3

CONFIDENTIALITY AND RESTRICTED USAGE UNDERTAKING

relating to

the TEA3 algorithm for the protection of the information exchanged over the radio channels of the Terrestrial Trunked Radio (TETRA) System.

Between

(COMPANY NAME).....

(COMPANY ADDRESS).....

hereinafter called: the LICENCEE;

and

(COMPANY NAME).....

(COMPANY ADDRESS).....

hereinafter called: the CUSTODIAN.

Whereas

The LICENCEE has alleged, supported by additional information provided, that he fulfils at least one of the following criteria:

- He is designer of or competent to manufacture TETRA portable or TETRA fixed systems where TETRA Standard Encryption Algorithm 1(hereinafter referred to as TEA3) is included in the systems.
- He is designer of or competent to manufacture components for TETRA portable or TETRA fixed systems where at least one of the components include the TEA3.
- He is designer of or competent to manufacture TETRA system simulator for approval testing of TETRA portable or fixed systems where the simulator includes the TEA3.
- He will provide the services as an Operator of a TETRA system using the TEA3.

The CUSTODIAN undertakes to give to the LICENCEE:

- Registered copies of the detailed specification of the confidentiality algorithm TEA3 Part 1 and Part 2 for protection of the information exchanged over the radio channels of a Trans European Trunked Radio system.

The LICENCEE undertakes:

- 1) To keep strictly confidential all information contained in the detailed specification of the TEA3 and all related communications written or verbal which have been associated with that information after the signature of the present undertaking (the "INFORMATION").
- 2) Not to make copies of the TEA3 specifications (all copies of these specifications must be produced, numbered and registered by the TEA3 Custodian).

- 3) Not to disclose the INFORMATION to any third party without prior and explicit authorization in writing by the CUSTODIAN.
- 4) To take measures to avoid that his personnel disclose to third parties, without prior and explicit authorization in writing by the CUSTODIAN, all or part of the INFORMATION.
- 5) To use the INFORMATION in the TEA3 specification exclusively for the provision of TETRA components, systems or services, thus refraining from making any other use of the TEA3 or information in the TEA3 specification.
- 6) Not to register, or attempt to register, any IPR (patents or the like rights) relating to the TEA3 and containing all or part of the INFORMATION.
- 7) To design his equipment in a manner that protects the TEA3 from disclosure and ensures that it cannot be used for any purpose other than to provide the TETRA air interface security services for which it is intended.

These services are specified in the following standards:

ETS 300 392-7: "Terrestrial Trunked Radio (TETRA); Voice plus Data (V+D); Part 7: Security";

ETS 300 393-7: "Terrestrial Trunked Radio (TETRA); Packet Data Optimized (PDO); Part 7: Security"; and

ETS 300 396-6: "Terrestrial Trunked Radio (TETRA); Direct Mode Operation (DMO); Part 6: Security".

The TEA3 may not be used to provide the end-to-end security services described in these standards.

- 8) Not to subcontract any part of the design and build of his equipment or the provision of his TETRA services, which requires knowledge of the TEA3, to any organization which has not signed the Confidentiality and Restricted Usage Undertaking.
- 9) Not to publish a description or analysis of any aspects which may disclose the operation of the TEA3 in any document that is circulated outside the premises of the LICENCEE.

The above restriction does not apply to information which:

- is or subsequently becomes (other than by breach by the LICENCEE of its obligations under this agreement) public knowledge; or
- is received by the LICENCEE without restriction on disclosure or use from a third party and without breach by a third party of any obligations of confidentiality to the CUSTODIAN.

If, after five years from the effective date hereof, the LICENCEE has not used the INFORMATION, or if he is no more active in the business mentioned above, he shall return the written INFORMATION which he has received. The LICENCEE is not authorized to keep copies or photocopies; it is forbidden for him to make any further use of the INFORMATION.

In the event that the LICENCEE breaches the obligations of confidentiality imposed on him pursuant to bullets 1 to 9 above and ETSI demonstrates that it has suffered loss as a direct result of such breach, the LICENCEE agrees to indemnify ETSI for such reasonable losses which are a direct result of such breach. The LICENCEE may not be held liable for any indirect or consequential or incidental losses (including loss of profits) suffered by any third party claiming against ETSI.

All disputes which derive from the present undertaking or its interpretation will be settled by the Court of Justice located in Grasse (Alpes Maritimes) and with the application of French Law regarding questions of interpretation.

The obligations of confidentiality herein will not apply vis-à-vis other LICENCEES. Evidence of being a LICENCEE will be given by providing a certified copy of this undertaking duly undersigned.

This undertaking supersedes all prior confidentiality and restricted scope undertakings between the parties and constitutes the entire agreement between the parties. All amendments to this undertaking will be agreed in writing and signed by a duly authorized representative of each of the parties.

Made in two originals, one of which is for the CUSTODIAN, the other for the LICENCEE.

For the CUSTODIAN

For the LICENCEE
