

# User Guide for ETSI Izivia Car Charging Point

The electric car charging points are located in the IRIS parking behind the main building.  
4 chargers dedicated to visitors. **Visitors are requested not to park and charge their vehicle for more than half a day, to permit more visitors to be able to charge their car.**

1. To charge your vehicle, please scan the QR code on the charging point. The point cannot use a debit/credit card or a publicly available card for charging points, the payment needs to be made by scanning the QR code and by completing the payment through the website.

**Please check that the correct website is shown on your mobile: [paynow.izivia.com](https://paynow.izivia.com)**

2. Enter the **6-digit number** to be found on the charging station.

A screenshot of the 'Choose charging point' app screen. The screen shows a progress bar with five icons, the second of which is highlighted. Below the progress bar, there is a section titled 'Enter a charging point ID' with a text input field containing '012345' and a checkmark icon. Below this, there is a section titled 'Choose a nearby station' with a button that says 'We are unable to locate you'. At the bottom, there is a 'Cancel' button. The app's URL 'paynow.izivia.com' is visible in the bottom bar.

3. Confirm the correct socket and charging point.

A screenshot of the 'Choose socket' app screen. The screen shows a progress bar with five icons, the second of which is highlighted. Below the progress bar, there is a section titled 'T2' with a button that says 'T2'. At the bottom, there are 'Back' and 'Next' buttons. The app's URL 'paynow.izivia.com' is visible in the bottom bar.A screenshot of the 'Choose charging point' app screen. The screen shows a progress bar with five icons, the second of which is highlighted. Below the progress bar, there is a section titled 'Charger 066165 - Side 1' with a button that says '7,4 kW' and 'Last use on 5 sept. 2024'. At the bottom, there are 'Back' and 'Next' buttons. The app's URL 'paynow.izivia.com' is visible in the bottom bar.

4. Complete the transaction by entering your email address and accepting the terms and conditions and finalise the transaction by entering your debit/credit card details.  
The cost of charging is 0,50 Euro per kWh. **After 4 hours of charging, a parking fee of 1,26 Euro per hour will be added.**  
The invoice will be sent to the email address that was entered.
