

*The contributions below are calculated according to the 2019 budget approved by the 72nd ETSI General Assembly.
The detailed provisions for the selection of the class of contribution may be found in Annex 2 of the ETSI Rules of Procedure.*

FULL MEMBERS AND ASSOCIATE MEMBERS

The cost of the **first unit** of contribution is: **6 000 €**

(except for Universities, Public Research bodies, not-for-profit User Associations and Micro-Enterprises).

The cost of **subsequent units** of contribution is: **3 380 €**

Members' and Associate members' dues are calculated by class. The class is derived from the member company's annual ECRT (Electronics Communications Related Turnover). Each class corresponds to a number of Units of Contribution. This number determines the contribution payable. It also determines the voting weight of a member within ETSI.

CLASS		NUMBER OF UNITS	CONTRIBUTION * (euros)
1	SMEs, User & Trade Associations, Additional Membership	1	6 000
	Universities, Public Research bodies and not-for-profit User Associations		2 000

GOVERNMENTAL ORGANIZATIONS

In principle the Class of Contribution for an Administration is determined according to the latest available figure of the Gross Domestic Product (GDP) of its country. For more information contact membership@etsi.org

3GPP PARTICIPATION

Any ETSI member that **participates in 3GPP™** must pay a minimum of 3 units of contribution except SMEs, Micro-Enterprises, Users, Universities, and Public Research bodies that must pay a minimum of 2 units.

However, these minimum contribution levels need not apply where an organization with more than one membership of ETSI makes an overall contribution that exceeds 20 k€ multiplied by the number of 3GPP memberships held by the administrations or companies.

oneM2M PARTICIPATION

Participation in oneM2M requires no additional contribution.

OBSERVERS

For Observers there is a fee of 4 000 € per calendar year.

Members and Observers joining ETSI during the year benefit from a prorated reduction on the above contributions.
