Brand Guidelines for ETSI Member Logo use

2018 and beyond
Dear ETSI Member,

I am pleased to announce the official roll-out of the ETSI Member logo – created for you to visually demonstrate your membership and involvement in ETSI.

ETSI today over 800 members from 68 countries and we are delighted to count you amongst them. ETSI members are the driving force in permitting ETSI to publish over 2500 standards for ICT per year.

We are proud of our members and their standards-making contributions, and we are confident that our members are proud to be an ETSI member.

Many of our members have expressed their desire to visually demonstrate their ETSI Membership and the fact that you adhere to ETSI standards, be it on your website, on print collateral or on your exhibition booth.

To enable our members to show their engagement and pride in ETSI, we have created a dedicated ‘ETSI Member’ logo. This ‘ETSI Member’ logo is derived from the official ETSI logo and allows you to easily and clearly declare that your organization is an integral part of ETSI: an ETSI Member.

The ‘ETSI Member’ logo really is a ‘limited edition’ as it can be used by no more than around 800 organizations, i.e. it is to be used exclusively by our members.

Demonstrate to the outside world your commitment to and involvement in ICT standards-making by displaying the ETSI Member logo:

Please choose one of the following alternatives that best matches your needs:

- Request a high resolution version of the ‘ETSI Member’ logo to integrate it in your stand design.
- Request a physical ‘ETSI Member’ plaque that you can either stick to a wall or display freestanding on your reception desk or any other surface you deem suitable. The ‘ETSI Member’ plaque is a foam board of 25x10cm (w x h) that comes with double-sided tape and a board stand so you can choose how to best display it.

Please pass this information on to your colleagues in charge of Marketing/Communications/Events or directly request the ‘ETSI Member’ logo from us: brand@etsi.org

We are happy to answer any questions you may have and provide guidance where needed.

Yours faithfully,

Luis Jorge Romero Saro
Director General
Logo colours

The ETSI brand is recognized worldwide. Consistency in the representation of our visual identity and in all communications reflects our corporate identity.

PROCESS

- Light blue: 285
- Light blue: 283

RGB

- Dark blue: 0R 74G 141B
- Light blue: 0R 125G 195B
- Light blue: 160R 203G 237B

Clear space around the logotype

The logotype always looks best when it has a large area of clear space around it. In order to achieve this, a minimum clear space surrounding the logotype has been defined.

The clear space in the example on the right is marked in grey and it will always be with proportion to the ETSI typeface height.

This space must stay clear without any type, graphic elements and high-contrast areas of photography.

Minimum size

As the ETSI Member logo must be easily recognized to be effective, the primary logotype should not be reproduced smaller than 45mm.
Examples of unacceptable logo use

The ETSI Member logo should be used and maintained in accordance with the Brand Guidelines. No deviation is allowed.

Forbidden logo use

Do not use the logo as a background pattern.

Do not use the logo vertically. Never use the logo at an angle.

Do not use the logo or parts of it in a sentence. ‘ETSI Member’ should be in text font only.

Don’t tilt or rotate the logo:

Don’t use the logo on similar colour. (poor contrast):

Don’t use the logo on patterns:

Don’t change the logo colour:

Don’t distort the logo:

Don’t use the logo as a background pattern:

Don’t use the logo or parts of it in a sentence:
Typography - Printed promotional materials

Respecting these guidelines will help develop a distinctive ‘look and feel’ while simplifying the creative decision-making process.

The following are the preferred fonts for external promotional communications:

**Headlines only**
